

entertained by any other sect. } Friend G. of Worcester feels
sure on this point, and I wish you would put him onto the
Committee. He is very fully with us, and I think such a
step would save him. At any rate it could do no
harm, for he would seldom be with us.

If it be thought you have power to fill
the vacancies in the offices of Vice Presidents, I
wish you would put on ^{Sturging} ~~Waters~~, Dean Bowditch of
Princeton & Rev Mr Tracy of W. Boylston.

Mr. Now would like to be sent to Berkshire Co. till
we get all our plans arranged. He has an appoint-
ment in Berkshire for a week from next week.

Yours for the slave,
A. A. Blair.

P.S. He designs to go to Berkshire Co. next Tuesday, and you must
try to notify him of his appointment before he goes.

Dear Brother;

125 Providence has thrown another agent in my way, a Baptist minister and a good man - Rev. Winthrop Morse of this place, an old abolitionist, and one who sympathizes most ardently with the Abolition Society.

He is forty five years old, has a wife & seven children, has been agent for Rev. Grosvenor's paper for the last six months, and is very efficient. He appears well, has a very good name - and I say we can't get a better Baptist man. He will labor for six hundred and traveling expense; and that is as little as he ought to have. He will go to work where ever you direct, as soon as a commission or notice of his appointment reaches him. He is brother to the Baptist minister who died last year at Ditchburg, and I should think much such a spirit.

Confidential.

Do not have any more congregationalists on the Executive Committee. There are already jealousies among some of the Baptists who are with us, on account of the preponderating number of that denomination. I think it best by all means to wait till we know what Baptists will go with us, before filling the vacancies in the Committee. It will be extremely injurious to have any suspicion that a particular denomination has a controlling influence
